General Description	2
---------------------	---

General Description

The Signal Tower consists of three lights providing visual signals for various states of the Pressure, Flow, Level, and Temperature Process Training Systems. Lights are stacked one upon another, up to five modules. Each module is easily programmable without any special wiring or tools. An Acoustic Alarm, Model 52054, is available as an option.

Reflecting the commitment of Festo Didactic to high quality standards in product, design, development, production, installation, and service, our manufacturing and distribution facility has received the ISO 9001 certification.

Festo Didactic reserves the right to make product improvements at any time and without notice and is not responsible for typographical errors.
